I am flattered that you should wish to do so.

Kindest regards.

# STUDENT DAILY LIFE

"PLEASE DON'T LET MY TEACHER CRACK UP!"

"Security is having someone listen to you."

"Security is knowing you're one of the gang."

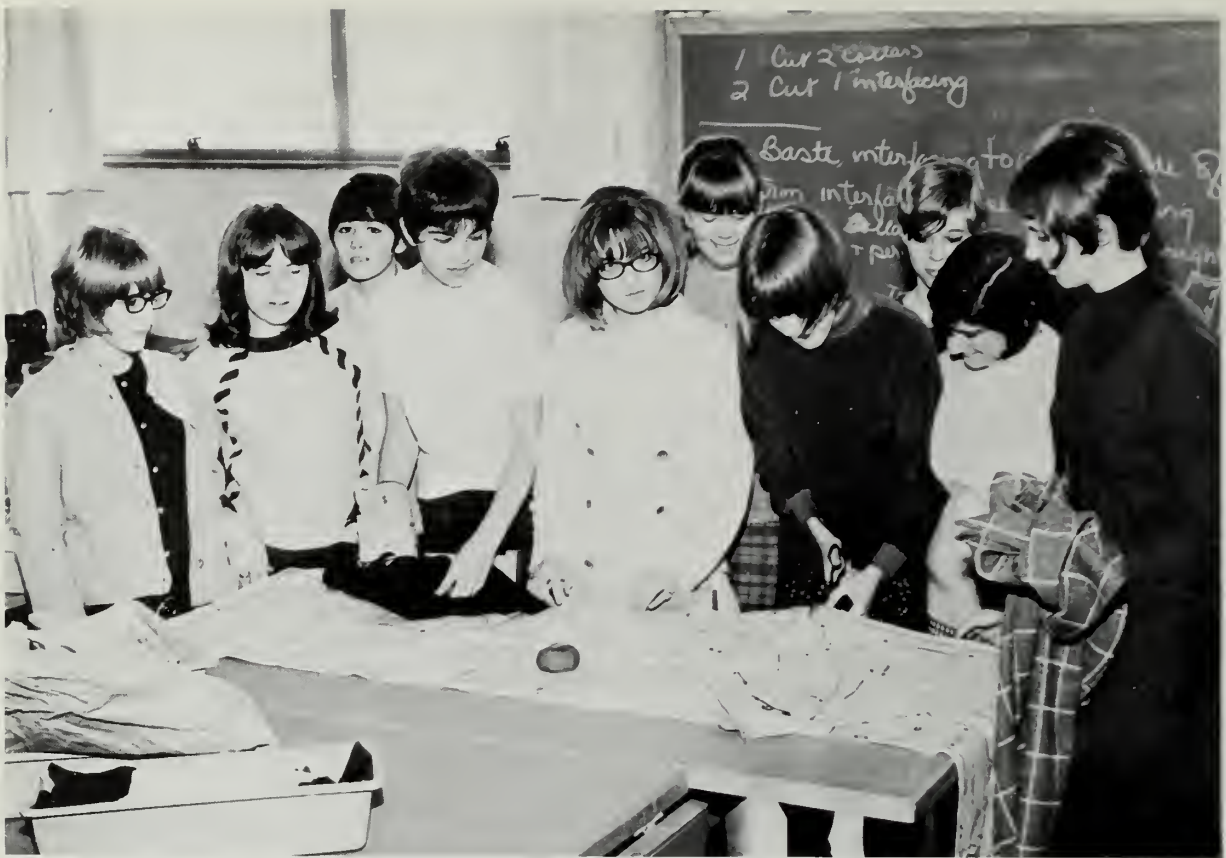

"Happiness is finding out you're not so dumb after all. "

"Well, I'm a lousy carpenter. I can't nail straight, I can't saw straight, and I always split the wood ... I have poor taste and absolutely no sense of design ... so all things considered, I'm coming a-long okay!"

Misery is knowing that you've sewn your pattern to your material.

Joy is knowing that you haven't sewn your finger to your new dress.

"Security is knowing you won't be called on to recite."

"Misery is seeing the ball roll around the rim but not go in!"

Security is a steady aim.

"Security is knowing you're not alone."

Happiness is having laryngitis on the day of oral reports.

Security is possessing endurance and courage to face the future.

To live is  
to dance ...

and to dance  
is to live!

I feel that I want to take the first person I meet into my arms, and dance merrily  
through the streets!
